

PILOT CAR
ELECTRIC VEHICLES

WE ARE ON THE ROADS

For a cleaner world...

IN ORDER
TO INHERIT
**WHAT WE
INHERITED
FROM
NATURE...**

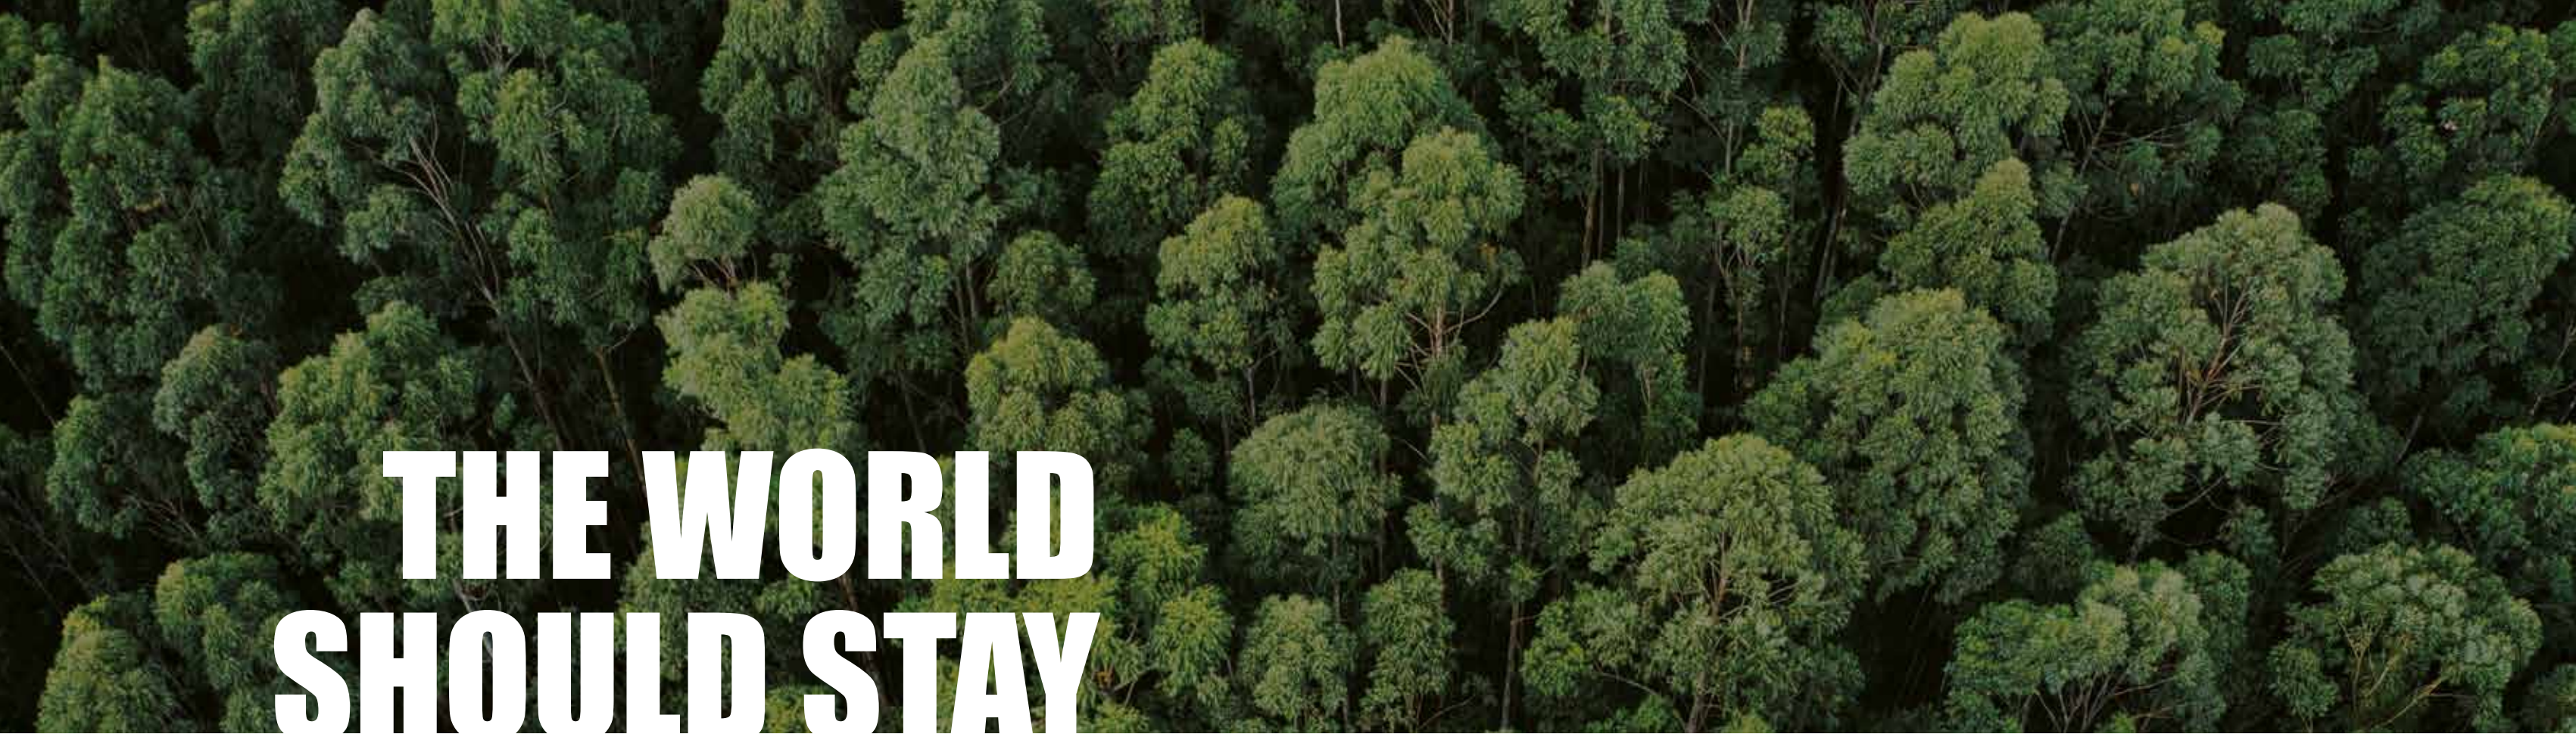

As PILOT CAR, we are proud of producing Turkey's first electric utility vehicles on this road we embarked on in 2011 and our initiatives that opened up to the world, while challenging our imagination to transform the world into a more beautiful place.

We think that it is our greatest responsibility to future generations and the world we live in, to make efforts to erase these traces before they reach an irreversible point.

We believe that our motivation to produce positive solutions and our successful initiatives will inspire future generations for a more livable world.

Therefore, we transfer our knowledge and experience to sustainable energy in order to reduce carbon emissions, protect our future and leave a cleaner legacy for future generations.

New ideas and changing needs excite us. Offering environmentally friendly technology and high performance, our vehicles are designed and produced to suit your needs and demands. They will now become an integral part of your daily life.

THE WORLD SHOULD STAY YOUNG LIKE US!

SUSTAINABLE LIFE

PILOTCAR is developed in such a way that, while offering you practical solutions in your daily work and social life; at the same time it is responsive for the environment which we are a part of. It is an important actor of the concept of sustainable life which is necessary for all living things.

“0” EMISSION

For protecting the environment and a more livable world, PILOTCAR manufactures only 100% Electric Vehicles.

WHY PILOTCAR?

Our choices that change within the axis of developing technology and transforming life standards, promotes us to use Electric Vehicles.

PC-2

REWRITE THE RULES!

Powered by electricity, the PC-2 rewrites the rules of the game with its dynamic, fun and sporty spirit.

PC-2 GOLF

EXCLUSIVE FEATURES

LITHIUM BATTERY PACK

Longer range, shorter charging time

REGENERATIVE BRAKING SYSTEM

Increase of efficiency in energy consumption

90 km RANGE

90 km range with full charge

SOLID & AESTHETIC

With the dynamic and elegant design, all eyes are on you

"0" EMISSION

100% electrical, environmentally friendly

AC MOTOR

Clean environment, high performance

LITHIUM 
POWERED

ADVANCED TECHNOLOGY AND ELEGANCE TOGETHER

It's time to escape the monotonous routine and reach the pinnacle of luxury and comfort.

Equipped with unique details of exceptional design and tailored to your needs, the PC 2+2 offers you an experience that goes beyond the ordinary.

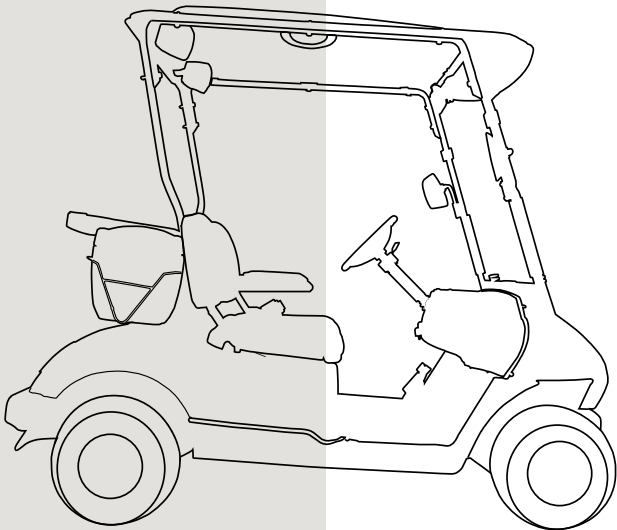

AN EXCEPTIONAL COMPANION

Discover your limits with the PC-2
Lifted, engineered for power and
performance, passing the toughest
tests in every adrenaline-filled
adventure.

PC-2 LIFTED
